## Mr. Peterson's whiteboard

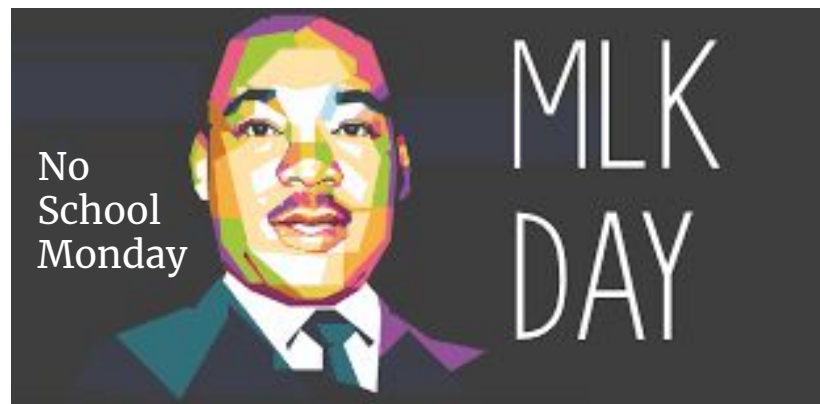

Mr. Kirkland visited Mr. Peterson's distance learning space last week. Mr. Peterson has been teaching math from an outdoor whiteboard. He sets up his computer and offers students views of his outdoor teaching area before they take on the math lesson for the day.

## PSAT canceled due to Covid

We regret to inform you that due to current public health conditions, after much consideration by our staff and in consultation with local health officials, our district has determined that we are unable to administer the PSAT/NMSQT tests originally scheduled for January 26.

We know that this is disappointing. The decision to cancel this day of testing was not made lightly. However, our top priority is the safety of our students, staff, and community – and with current COVID-19 conditions, we could not safely administer the test in-person for all students at the same time in the same place, as required by the College Board.

Please know that we are carefully monitoring health conditions and look forward to resuming regular events. For example, we continue planning for our Spring SAT School Day, in hopes that our regional COVID-related numbers improve.

## Superintendent Aguilar visits

Superintendent Aguilar visited our learning hubs this week. He visited with students, answering questions about distance learning and the possibility of a full return to campus. The Superintendent met with Principal Kirkland and site hub leader David Truong about needs of students and safety protocols. There are still spots available in the learning hub. Contact the office for information.
