## 2 teachers join faculty at HJ

Hiram Johnson has added another two teachers to join campus.

Jaime Wolf will be finalizing her place among the faculty. Ms. Wolf first came to HJ last year to teach the second semester for a teacher on maternity leave last spring. She was on the faculty when we left for distance learning and began this year when enrollment increased. The hiring process can be slow when outside agencies must approve all expenditures because of the district budget situation.

Ms. Wolf is officially hired and is a great addition to our social science department.

Leila Valencia is new to Johnson and will be taking over the art classes we added this year.

Ms. Valencia is finishing her Masters at UOP and has been active in the art community working as an art instructor and docent in Stockton.

Ms. Valencia is anxious to contribute to the growth of art and the celebration of student work on our campus.

## Learning hub & after school

Hiram Johnson is fortunate to have a learning hub on campus that provides students an opportunity to be on campus for distance learning.

Our ASSETs program, the group that runs our after school activities is facilitating the hub and has staff open rooms for students who need a space to complete lessons or help navigating Google Classroom or internet technology.

The hub has also helped with Chromebooks for our students as some have needed to be switched out to a newer model.

Even better, The Center, the organization that oversees the ASSETs program at HJ, will be restarting the after school programs. Originally the hub was going to force the after school program to be stopped, but conversations and new funding has been secured to resurrect the after school opportunities.

## Finals week begins Monday

Fall semester finals begin next week.

The schedule will not change during distance learning. Students will still have all classes on Monday.

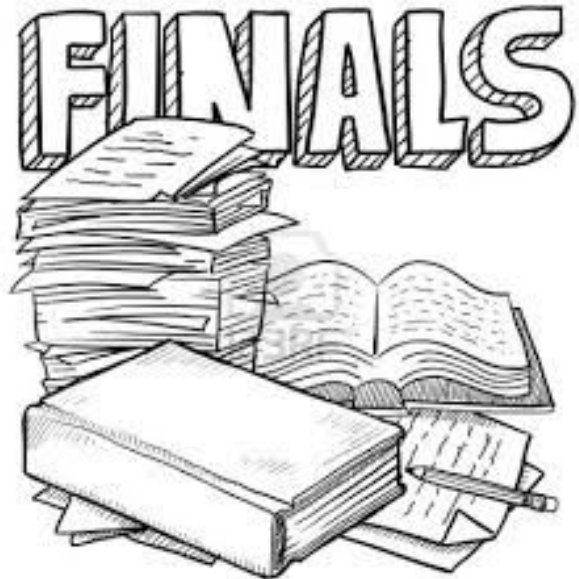

Periods 1, 3 & 5 are still Tuesday and Thursday.

Periods 2, 4 & 6 are still Wednesday and Friday.

Teachers will use available class time to provide students the opportunity to demonstrate their learning.

This could look different for each class. Make sure your student is connected through the Google Classrooms so they are aware of all expectations for each of their classes.

This is their time to demonstrate their mastery of learning.
