## HJ welcomes new staff members to Warrior family

We had a great summer securing a new group of teachers and support staff to join our Warrior family.

While some are new teachers beginning their careers, others are coming to campus with vast experiences. One of our new teachers, Vanessa Shintaku previously worked here as a volleyball coach and instructional aide. Two teachers are back after joining us last year; Angelo Zelaya is teaching Spanish and Jennifer Brewer is teaching English.

With our increased enrollment, Jamie Wolf is now teaching social science and Gerry Mamola is teaching art while we post these positions.

Our school community liaison, is a bilingual in Spanish and comes to us with a wealth of experience from having worked in the district Early Childhood Dept for almost 20 years! We are excited to have 2 Farsi/Persian speaking teacher assistants to support our EL students to excel academically! Kenna Montoya is returning to be our controller.

## SEL STRATEGY OF THE MONTH

September is collaboration.

Here are a few resources!

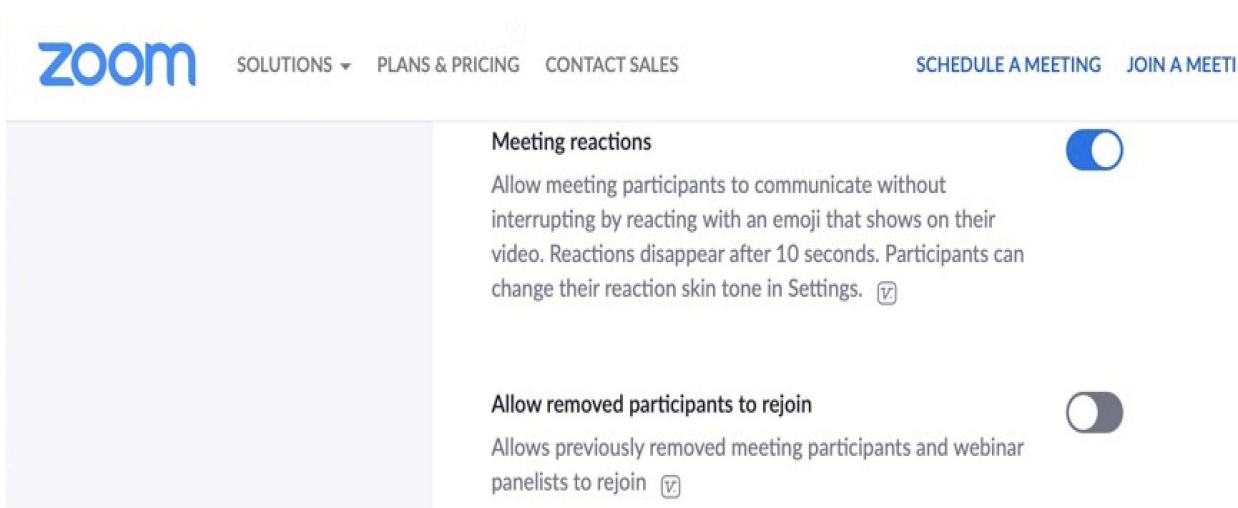

- [5 Strategies to Deepen Student Collaboration-- Mary Burns \(Edutopia\)](#)
- [Children Must Be Taught to Collaborate, Studies Say-- Sarah D. Sparks \(EdWeek\)](#)

There are several mini lessons associated with the SEL theme for September. To the right, there are steps for academic integration:

Prime Skill & Goal-set	Reinforce	Debrief/Reflect
Start each class by having students set a goal for how they will collaborate or cooperate with others.	Share your own stories about struggling to collaborate with others, what you learned, and how you improved in the way you relate to or interact with others on a team.	At the end of the day (or an activity), ask students to reflect on how well they met their goal for collaborating or cooperating with others.

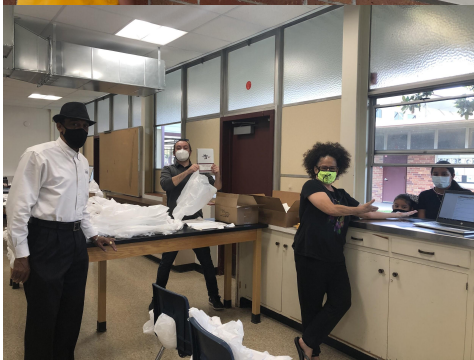

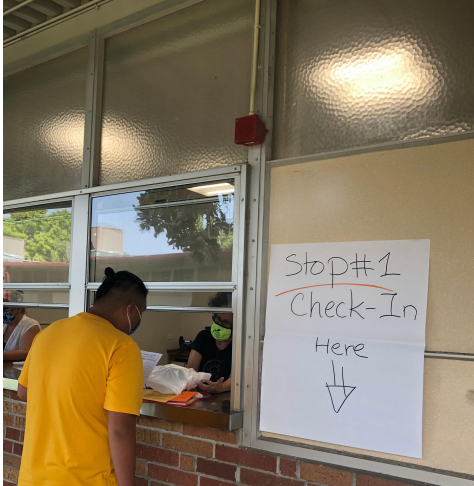

## ENGAGEMENT

We're all learning together! We'll be including helpful hints each week in terms of zoom meetings to help mitigate distracting behaviors. This is how you allow removed participants to rejoin the meeting once they have been removed! If you have any questions/concerns please email Ms. Bucio or Mr. Charles Love.

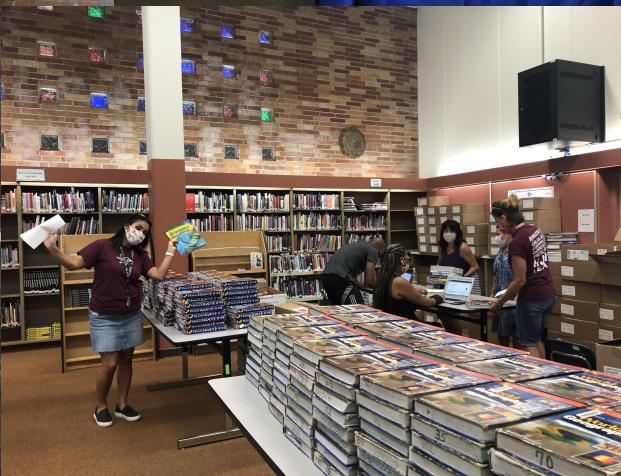

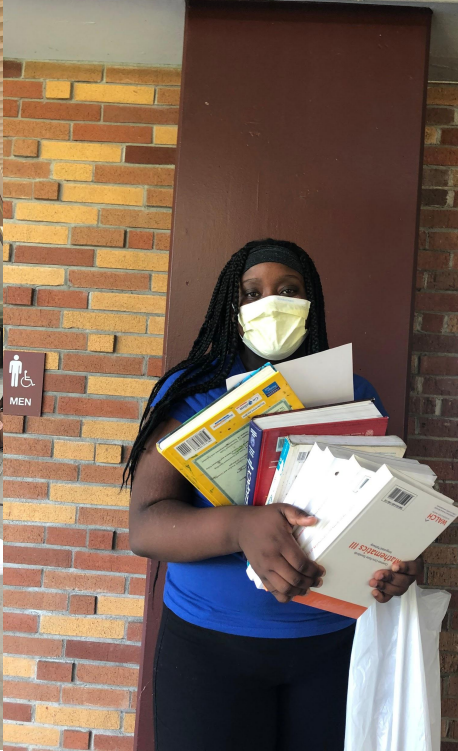

Additionally here are a few more suggestions to help manage distracting behaviors and zoom engagement steps:

1. Staff Knowledge: Please add the restrictions on your zoom meetings as follows:
  - Allow students in one at a time.
  - Uncheck the option that allows students to change their names
  - Uncheck the option that allows students to unmute themselves
  - Under the option "annotations" remove the ability for students to annotate. This is how they draw on the screen.([see video](#))
  - Require students to authenticate themselves
2. Put the student in the waiting room for a conversation
3. If applicable give them another opportunity to improve their behavior
4. Contact home if the behavior does not improve and document in the contact log. ([see video](#))
5. Email Mr. Charles Love and Ms. Bucio to inform the Climate office that there was a contact log entry.
6. Administrative Resolution
